

The College of Arts & Sciences considers study away/study abroad to be a significant aspect of a student's education. Therefore, the college has established the Study Away/Study Abroad Student Scholarship to increase opportunities for our students. Awards are available up to \$500.

Guidelines

Applications

- Applications should be completely filled-out.
- Applications must be submitted by October 1 for winter programs, December 1 for spring programs, March 1 for summer programs, and June 1 for fall programs.
- Award funds are discretionary and based on availability of funds.

Other Requirements

- Applicant must be accepted to participate in a study away/study abroad program approved by the NKU Office of Education Abroad or an NKU course. If a student has not received an official acceptance, they may still apply for this award. If the applicant is selected for an award, it will only be granted once the official acceptance is submitted to the College of Arts & Sciences.
- Upon return, students awarded these funds agree to share their experience with the students and faculty, via a short presentation, video, or written piece. Examples might include presenting to a student group or recording a video to potentially share via social media.
- Study abroad/study away must be undertaken while the applicant is a student at NKU. If a student graduates in May and travels after graduation date they will not be eligible for this funding.
- Students may only receive funds once a fiscal year. Priority will be given to students that have not previously been funded.

Complete the form and submit study away/study abroad documentation to Dr. Bethany Bowling, Senior Associate Dean at bowlingb2@nku.edu. Decisions regarding funding will be made as soon as possible by the review committee and college.
