1. Minutes from 10/05/2023 approved
2. Chair Report
 - Chair noted the catalog was missing some courses through a catalog, a reboot was necessary; the suggestion was made that members check the catalog for omissions or other errors and notify Richard Fox; we can correct some errors without going through the curriculum process.
 - The two new program proposals will go to Senate on October 30.
 - Chair invited questions or issues with SLO depository and encouraged members to inform faculty of the SLO Workshops being offered by Denice Roberts of CTL (see her email from Wednesday for links to register)
 - November 7 at 2:00 p.m. 355 Founders Hall
 - November 27 at 2:00 pm ZOOM
3. Curricular Items (see below)
 - Department of Mathematics and Statistics - Data Analytics & Statistics, B.S.
 - Mathematics and Statistics representatives presented arguments for the change of their name to Data Analytics and Statistics, B.S. to remain current in field, and provide graduates with degree titles suitable for their potential future employers.
 - Representatives from School of Computing and Analytics opposed the name change pointing out that the name change could be misleading to students and potential employers, and would compete with the Business Analytics Minor already offered. Further, they suggested that there were no data analytic courses in the major and no new courses were added to support the name change.

- After much discussion a motion was made and approved to *postpone* the vote until UCC members could gather further information concerning the opposing views. Brooke Buckley, Crystal Summers and Rasib Khan posted their emails to field questions in the meantime:
 - buckleyb1@nku.edu
 - khanr2@nku.edu
 - summerse@nku.edu
 - Committee members were encouraged to direct questions to these individuals before the next UCC meeting.
- School of Allied Health - RSP – 484
 - School of Kinesiology, Counseling and Rehabilitative Sciences - HSR - 431
 - School of Kinesiology, Counseling and Rehabilitative Sciences - Human Services and Addictions, B.S.
