■ MAT194: Career Evaluation Form
Name:
Presenter Name:
Let's try to put ourselves in our speaker's shoes:
a. In what ways has this speaker loved mathematics?
b. What do they do (and what have they done) with mathematics?
c. Why is mathematics important in their life?
d. Take a moment to imagine that you do the work described, in the workplace described.

How does that feel to you? Impossible? Fun? What would be your major concerns

about or incentives for taking this job?

e.	What question would you like to ask our speaker, as you put yourself in their role? What would you want to know?
f.	What does this person have to teach you about the life of a mathematician?
g.	What else comes to your mind?
